

Trombone Methods

Audio Review No.2

All audio reviews should be double-spaced typed in Times New Roman, and size 12 font

Listen to the four audio examples. They are different performances of the first movement from Launy Grøndahl's *Concerto for Trombone and Orchestra*, a staple of the trombone repertoire. Compare and contrast each of the performers playing in regards to sound and style. I am well aware of the online information on these players as well as the preconceived notions about each in the classical music community. I am interested in your own personal thoughts. There should be pros and cons for each player however it's up to you to decide how much emphasis you put on each. Minimum requirement is one paragraph on each performer.

The performers are:

- Joseph Alessi
- Christian Lindberg
- Jesper Juul
- Branimir Slokar
